ASSISTIVE TECHNOLOGY

WELCOME

Welcome to the 2013 Boundless AT catalog! We had a great time working with all our manufacturers, new and old, to compile the latest and greatest Assistive Technology products for you this year.

Each time we set out to publish a new catalog, we are astonished at how the AT landscape changes so rapidly and the products coming to market in our industry take shape. Who would have thought just a few years ago we would be able to control our cell phones with Bluetooth switches or that handheld magnifiers would have the same technology as our TV's? All this and much more is now available to us as the gap between the mainstream and Assistive Technology narrows. Our team is proud to be at the forefront of this ever changing landscape by bringing these devices to you at affordable prices with exceptional support.

In addition to dozens of new products included in this edition, we have also carefully selected our favorite tried and true Assistive Technologies that we consider category leaders. These are the popular items that our customers - educators, counselors, human resource directors, non-profit staff, resource center managers, and AT users - rave about. But note, we also carry thousands of additional items on our website, www.BoundlessAT.com. Here you will find the newest AT recently released as well as items complimentary to what you will find in this catalog. We encourage you to check back with us online often and contact us with any special requests for products not found on the website or in the pages that follow. We are here to help!

As you browse, don't forget to pay special attention to our featured items like the new ZoomText Mac, Edmark Reading Program, Pebble HD Magnifier, BIGtrack, iPad™ Connect and iAdapter as well as our unbeatable selection of tablet and app bundles ideal for accommodating virtually any need in any environment.

Happy reading!

The Boundless AT Team

ORDER

Placing your order with Boundless AT is simple. Choose 1 of 5 quick ways to buy:

1. Use a Visa, Mastercard, Discover, or American Express purchasing card
2. Fax your purchase order to 1.503.821.6355
3. Attach your purchase order to our contact form online at www.boundlessat.com/contact-us
4. Call a dedicated sales representative at 1.866.606.8551
5. Mail your purchase order or order form to our corporate headquarters

For all your purchasing needs, Boundless AT's federal tax ID number is 27-3495566.

Government Agency Ordering

Government assistance, at both the state and federal level, plays a significant role in delivering Assistive Technology to individuals who otherwise might not be able to afford or have access to such tools. Boundless AT works closely with government branches like The Department of Veteran Affairs, The Department of Education, The Department of Labor and The Department of Health & Human Services to provide top of the line products for federal and state clientele.

Education Agency Ordering

Under IDEA and NCLB acts, educational institutions are required to provide curricula, products, and services designed to meet the learning needs of students with disabilities. This includes the provision of Assistive Technology where called for in a student's Individual Education Plan. For many schools and school districts, investing wisely in the right resources for each student can be challenging. Furnishing your organization with Assistive Technology, however, is a fast and easy process when you allow Boundless AT to do the work.

Corporate Ordering

We work closely with businesses to provide reasonable accommodations for employees with disabilities. With ample experience in adapting workplaces according to ADA requirements, our team provides a solid roadmap - backed by top of the line products - for adjusting any environment to enable an employee to participate fully in their job.

Non-Profit Ordering

We know non-profits often have limited resources and often unreliable funding when it comes to accommodating clients with disabilities. Boundless AT has ample experience working with demonstration, resource, and training centers dedicated providing products and services for individuals with disabilities or other special needs in order to maximize potential for independence. In doing so, we see thousands of people with disabilities achieve their personal goals of employment, learning and independent living with our assistive technologies offered at discounted prices.

The Boundless AT Return Policy

We understand Assistive Technology. And your sales and support team has a long, successful history of providing top of the line AT for any budget. Expertly effective in evaluating the needs and requirements of every organization under the Americans With Disabilities Act, you and your employees can be assured a dedicated representative will be actively involved in every step – from evaluating and purchasing to installation and training.

However, we know some products will not always meet the needs of the user. Our money back guarantee on all hardware and select software programs means you can shop with confidence. If you are not 100% satisfied with your purchase, simply contact us to arrange a return or exchange within 30 days of the order.

Please note that opened and/or installed software programs cannot be returned. Some items may incur a retstocking fee up to 10% of the purchase price if products are returned damaged or without all original components.

The Boundless AT Low Price Guarantee

We believe Assistive Technology should be affordable. Whether purchasing for 1 or 1,000, we help you make your dollar go further by providing competitive pricing, free shipping and quantity discounts. Contact us for a customized quote to see just how much you save when you work with us.
